Data Science Student

officialmail2hari@gmail.com

OBJECTIVE

Effective Student committed to learning, developing skills in Data Analysis and team contribution. Self-directed and energetic with superior performance in both autonomous or collaborative environments working independently and collaborating with others on group projects.

EDUCATION

B. Sc Data Science

The Standard Fireworks Rajaratnam College for Women, Sivakasi.

Final year

HSC

2020 - 2021

GPA: 92%

Sri Rao Bahadur AKD Dharmaraja Girls Higher Secondary school, Rajapalayam

SKILLS

Python | SQL | Data Analysis | Pandas | NumPy| IoT | GitHub | VS Code | Word | PowerPoint| Canva

SOFT SKILLS: Problem Solving | Documentation | Team Collaboration | Communication | Presentation Skills

EXPERIENCE

Operations Intern - Data Handling, Spellzee Edutech Solutions Pvt. Ltd.

- Prepared reports on daily activities and operational issues for review.
- Collaborated with team members to streamline execution of operational tasks.
- Compiled and presented reports on daily activities and operational challenges for team review.
- Organized workspace to uphold safety standards and enhance operational efficiency.
- Worked remotely to support team operations.

PROJECTS

BuddyTron - An IoT based handshake counter robot built using ESP8266 and a touch sensor to detect and count handshakes. Analyzed collected data to identify peak interaction hours. Designed for school outreach to demonstrate STEM concepts

FemGuard - Keychain that sends Call & SMS alerts with location. Focused on integrating GSM modules and voice activation features for emergencies***.***

HeliXVault - DNA-based cold data archival system that encodes digital data into synthetic DNA for ultra-dense, sustainable long-term storage.

ACHEIVEMENTS

- Presented a paper in National Conference entitled “FemGuard: A Standalone GSM-Based Wearable Security Device for Women's Safety” (Second Author), ISBN: 978-93-32-2982-0, Page No: 23
- Published a Paper, ICISDE 2026 Conference entitled “The Dark Side of AI Communication: Ethical Concerns of Deepfakes and Data Misuse” **(**Second Author), ISBN: 978-59-642637-5-3, Page No: 18
